**Research Assistant position through PSYC 199, 2016-2017**

**Lab Associations:** Laboratory For The Study Of Behavioral Medicine, Stanford University Department of Child & Adolescent Psychiatry

**Lab website:** [https://med.stanford.edu/profiles/craig-taylor?tab=bio](https://med.stanford.edu/profiles/craig-taylor?tab=bio)

**Overview of research:**
Are you interested in gaining experience with empirically-supported treatments for eating disorders? Want to learn about cutting edge developments in mental health technology? Does gaining more expertise in large-scale national and international research appeal to you?

This is a unique opportunity to learn about evidence-based interventions for eating disorders among college students and about mental health promotion and prevention. The Behavioral Medicine Laboratory and Healthy Body Image Program at Stanford are looking for undergrad students to become involved in various research projects. Students will have the opportunity to learn about eating disorders, technology-based interventions, and college mental health. Supervision and exposure to the leading names in the field will be given as a means of promoting the research skills and professional growth of students.

**Professor:** C. Barr Taylor, MD

**Contact information:** ngoel28@stanford.edu

**Duties:** The Research Assistant will have an opportunity for close involvement in the planning and assessment of intervention programs. We are looking for Research Assistants who would take part in qualitative analyses of research data, development of treatments and preparation of materials for publication. Hours are flexible.

**Qualifications of applicant:** Applicant should be motivated, organized, reliable, creative and resourceful. Prior research experience is not a prerequisite.

**Additional information:** This position is great for students who are interested in participating at the forefront of mobile mental health and the use of technology. There are many opportunities to get involved in research and for posters and presentations.

**To apply,** send an email with your CV, weekly availability, and a brief cover letter detailing why you are interested in this position, to Ms. Neha Goel at ngoel28@stanford.edu
